Fatigue reducing harness

The shoulder belt of harness is designed to ergonomically curve along user's shoulder, chest and side waist, comfortably fitting user's body to reduce fatigue during operation.

3-LED battery fuel gauge

Main power
switch

3 green
LED lights

Easy battery removal

The battery can be ejected by spring simply by pushing the hook of the battery.

<Image of the machine with Battery cover opened>

Well-ventilated back pad

features channels for good natural ventilation to minimize sweating.

Paddle switch interlocking with motor

- located under the grip of spray wand, allowing for easy on/off control of spraying.
- equipped with lock-on button for continuous spraying.

1.7m Hose

- allows for operation with the sprayer on the ground.
- does not rub the ground when the sprayer hangs from the shoulder.
