Compact design delivers excellent maneuverability.

Superior maneuverability and low-noise operation for more comfortable building maintenance

Bent pipe assembly with pipe lock and retractable cleaning brush

The slim-diameter grip provides a secure and comfortable hold for users with smaller hands.

Retractable cleaning brush
Ideal for cleaning textured surfaces.

window blinds cleaning

Conveniently stores by inserting into any pipe holder

Telescopic pipe

Flexible rubber nozzle
(optional accessory)

Rubber bumper reduces scratches and impact damage.

suction power control dial (Infinitely variable)

Paper dust bag set

Provides ample space inside the container, allowing the dust bag to expand easily and helping prevent clogging.

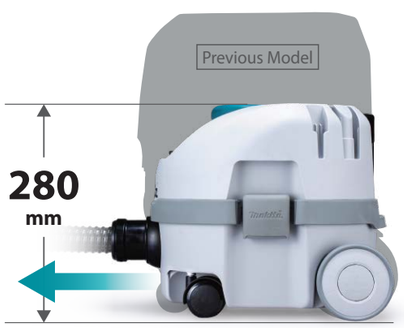

Improved portability

Lightweight and compact design for easy handling and transport

Compact height design with excellent straight-line stability

A low center of gravity ensures stable and comfortable operation during cleaning.

Large rear wheels offering excellent straight-line stability are adopted.

Rear wheel size
ø100 mm

Low Noise, High Performance

Sound-absorbing material around the motor helps reduce wind noise for quieter operation.
